

Village of Wapella
Executive Session
August 20, 2013
Village Hall

approved/released
2-18-14 (e)

Present were Trustees Vernon Meadows, Brad Karr, Rusty Karr, Logan Redman, Shay Burke and Suzanna Holland. Also present were President Richard Karr, Clerk Elizabeth Weikle and Attorney Heather Kimmons.

The Clerk said the only thing we have on tonight's agenda is executive session minutes from August 16, 2011. She told them that they contained billboard litigation. They were approved for content February 2012.

Attorney Kimmons advised that they hold them since the litigation was still pending.

The Board agreed with Attorney Kimmons.

Brad Karr asked where we were on the billboard litigation.

Attorney Kimmons said it keeps getting continued. Nothing is happening right now, other than there is a motion to dismiss.

Brad Karr asked if there was any way to dispose of this.

Attorney Kimmons said what is happening is the judge who is hearing the case has medical issues, so the case keeps getting continued. It is now set for September. My guess is it will be continued, but there is a motion to dismiss.

Brad Karr said okay. I just wondered where we were on it.

The Board took a consensus to go into open session.
