

VILLAGE of WAPELLA EXECUTIVE SESSION APRIL <sup>5</sup>~~8~~, 2016

The board went into executive session to discuss the appointment, employment, compensation, discipline, performance or discipline of a specific employee (5) ilcs 120/2 ( c )(1)

**Roll call** was taken and present were: John Goergen, Nancy Falk, Rusty Karr, Mandy Huff and Rosalie Summers.

Willie Strange said when he had to work on a Holiday he got double time and he would like get to paid straight time and get them off. He asked for a paid 1 week vacation and he would not take it all at one time.

He realized he could not have health insurance because of the number employees. He has more certifications, licenses, and training than any other employee.

We would have to redo an ordinance and since he is part-time or at will employee and most of the work is seasonal we weren't sure his wishes could be granted. It was asked if personal days could be granted and also it should be better to decide at the time when the yearly raises in June. The lawyer was not at the meeting so it was pending on the lawyers designation.

Motion made to come out of executive session by Rusty and seconded by Nancy Falk. Nothing was voted on. Nancy Falk made a motion to adjourn and Rusty seconded it.
