The council met to discuss new employees. Chris Daniels has been working for the past few months and is doing a great job. Chris enjoys his job and would like to be hired on as a permanent employee of the village. Chris would also like the board to consider giving him a raise if hired. Chris is making \$10.00 per hour now. The village has had a few people on a trial basis but none of them have worked out. The council has heard several complements from village residents about Chris and his work ethic.

Suzanna Holland also would like the boards input on hiring a part-time employee for the park only. Holland explained the park was out of control and needed a lot of work before winter hits. Holland would like to see Rusty Stamp hired for the park. The board stated that due to Rusty Stamps personal issues with other board members maybe he would not be a good fit. Mandy Huff suggested to Holland that a flyer at the high school asking for volunteers might be an option. Mandy went on to explain that all graduates must have 40 hours of community service before graduation. Holland said she was not against putting an ad in the local paper for employees and would consider a flyer at the high school asking for volunteers for the park.

The board agreed to go back into open session.
