Present were Trustees Vernon Meadows, Brad Karr, Rusty Karr, Logan Redman and Suzanna Holland. Absent was Trustee Shay Burke. Also present were President Rich Karr, Clerk Elizabeth Weikle and Attorney Heather Kimmons.

The Clerk said the first thing is we have a set of minutes from November 19, 2013. These you will have to approve for content and decide whether or not you are going to release them. I doubt you will because they contain litigation. The only people present at the meeting were Vernon, Brad, Logan, Rich and Heather.

The Board agreed to approve them for content but not release them.

Rusty Karr asked about the status of the litigation.

Attorney Kimmons said there was a hearing coming up in June. It has been assigned to a new judge. I will shoot you guys an email to let you know the date.

President Karr said what about the Buraglio lawsuit?

Attorney Kimmons said I have not heard anything about that at all.

The Clerk said I have two more sets May 3, 2011 and May 17, 2011. They have already been approved for content. Do you want to release them, they contain litigation?

The Board agreed not to release the two sets. The Board agreed to leave executive session.
